1 Support You May Need

For any doubts or problems regarding a product or the purchase process, send an email to the seller email address displayed in the **Support Range** area on the product details page.

2 Product Purchase

[2.1 Purchasing a Product](#)

[2.2 Upgrading a Product](#)

2.1 Purchasing a Product

You can quickly purchase application products (including the complete environment for running the application software) on KooGallery, and use the purchased application software and related services to release your own products. The following section describes how to purchase products on KooGallery.

Prerequisite

You have registered a Huawei Cloud account and have bound a credit card with the account.

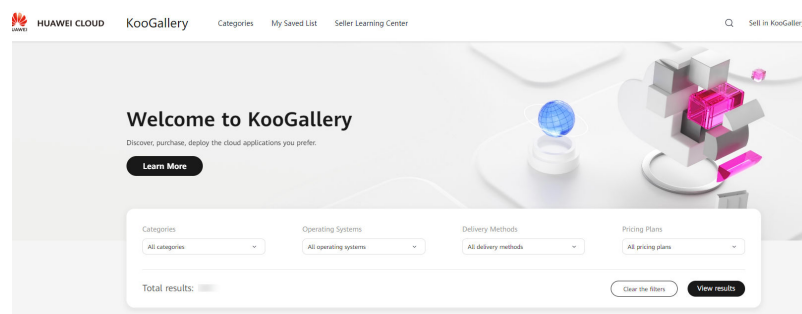

Procedure

The process of purchasing a license is used as an example.

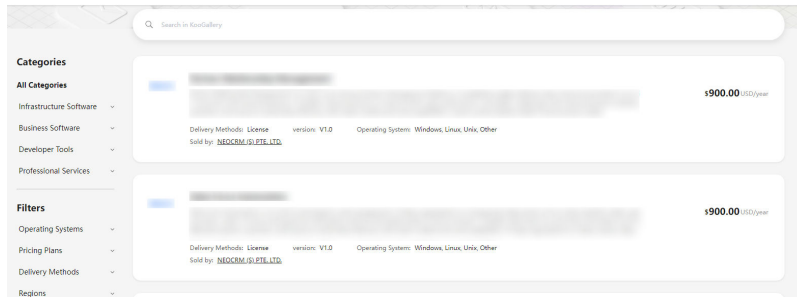

Step 1 Log in to [Huawei Cloud KooGallery](#).

Step 2 Select a product.

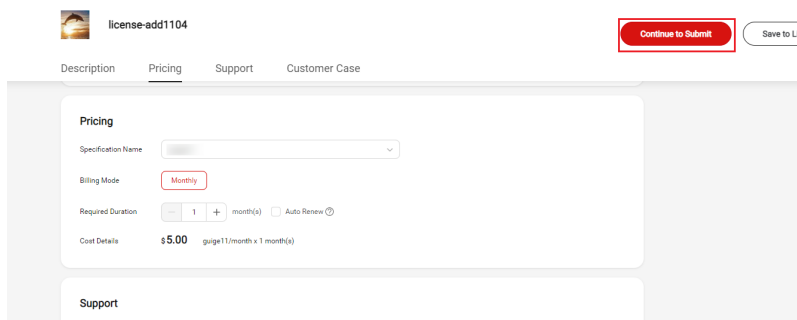

- Search for the desired product in the search bar at the top of the page.
- Use the filters to quickly find products.

Step 3 Click a product name to view product details.

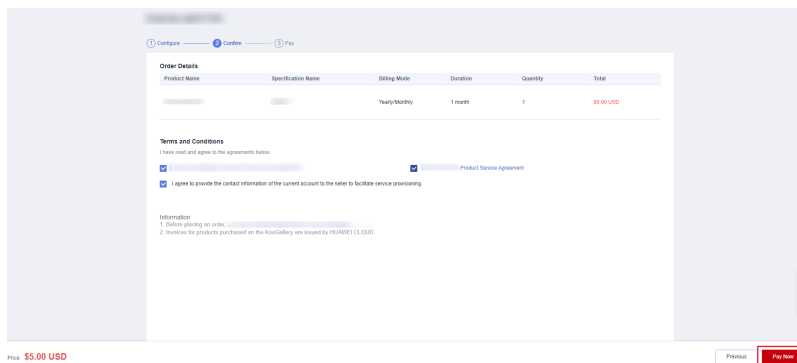

Step 4 View the product information, configure product specifications, and click **Continue to Submit**.

NOTE

(Optional) Click **Save to List** to add a product to your saved list. Then, you can click **My Saved List** in the upper left corner of the KooGallery website to view all the saved products on the **My Saved List** page. To buy a product in the list, click **Buy** in the **Operation** column in the same row as the product. Then you will be redirected to the product purchase page to continue with the purchase.

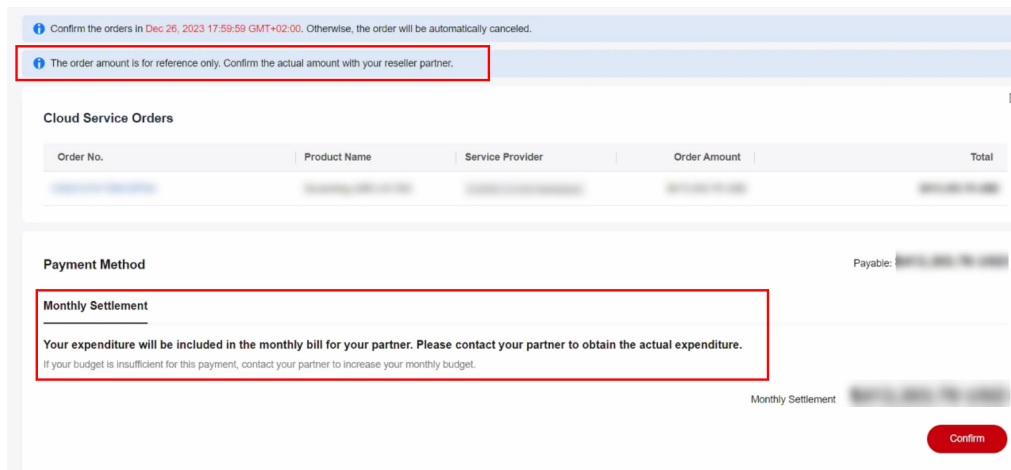

Step 5 Check the order details, select **Terms and Conditions**, and click **Pay Now**.

Step 6 Select a payment method and click **Confirm** to complete the payment.

 NOTE

- If you are a reseller customer (an associated user of the reseller), you do not need to select a payment method or pay for the order. The displayed amount due is for reference only. Confirm the amount with the reseller before placing the order.

- You can view the purchased products on the [Purchased Apps](#) page.
- To enable credit payment, [submit a service ticket](#).

----End

2.2 Upgrading a Product

You can upgrade the specifications of a purchased SaaS product. The new specifications take effect once you have made the payment.

Procedure

- Step 1** Go to [My KooGallery](#).
- Step 2** In the navigation pane, choose [My KooGallery > Purchased Apps](#).
The **Purchased Apps** page is displayed.
- Step 3** Click **View Resource Details** in the **Operation** column of a product.

On the product details page, click **Upgrade**.

3 Product Use

- [3.1 Using a License](#)
- [3.2 Using a Professional Service Product](#)
- [3.3 Using a SaaS Product](#)
- [3.4 Purchasing and Using an Image](#)

3.1 Using a License

- **Completing service supervision**
After purchasing a license, view the delivery progress of the license and accept the license on the [My KooGallery > Service Supervision](#) page. For details about the service supervision process, see [4.1 Supervising License Products](#).
- **Contacting the seller**
To contact the seller, click the product name to go to the product details page and obtain the seller's contact information.

3.2 Using a Professional Service Product

- **Completing service supervision**
After purchasing a professional service product, you can submit a request for the product and view the service flow progress of the transaction on the [My KooGallery > Service Supervision](#) page. For details about the service supervision process, see [4.2 Supervising Professional Service Products](#).
- **Contacting the seller**
To contact the seller, click the product name to go to the product details page and obtain the seller's contact information.

3.3 Using a SaaS Product

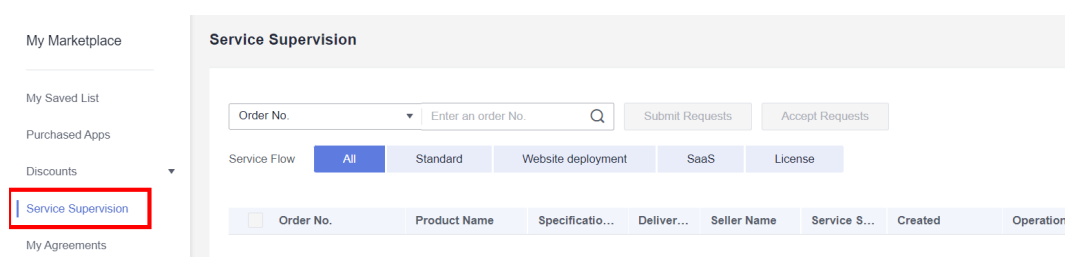

- If a SaaS product you purchase involves service supervision, you can go to the [Service Supervision](#) page and view the application information of the product before the service supervision process is complete. You can complete

service supervision by following the instructions provided in [4.3 Supervising SaaS Products](#). After the service supervision process is complete, you can go to the [Purchased Apps](#) page and use the application based on the information displayed on the product details page. For details, see [Using a SaaS Product That Involves Service Supervision](#).

- If a SaaS product you purchase does not involve service supervision, you can go to the [Purchased Apps](#) page and use the application based on the information displayed on the product details page. For details, see [Using a SaaS Product That Does Not Involve Service Supervision](#).

Using a SaaS Product That Involves Service Supervision

Step 1 After you successfully pay the order of a SaaS product that involves service supervision, go to the [Service Supervision](#) page.

Step 2 Click **View Details** in the **Operation** column of the row containing the target order. On the details page that is displayed, view the application information.

Step 3 In the **Application Information** area, click the eye icon next to **Password** to view the initial password. Use the username and initial password to log in to **Management URL** and **Frontend URL**, and use the product by following the instructions provided in the product guide. If you cannot log in to the management URL or frontend URL using the username and password, or the description in the product guide is unclear, contact the seller using the contact information provided in the **Seller Information** area.

Figure 3-3 Application Information**Figure 3-4** Seller Information

----End

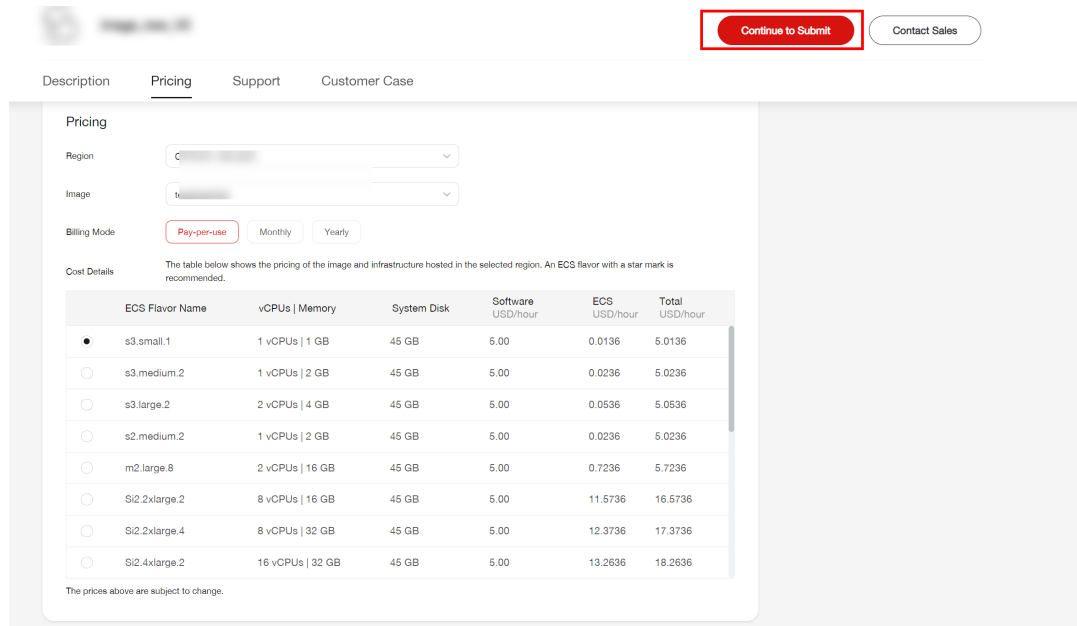

NOTE

- If you cannot find the order on the [Purchased Apps](#) page after purchasing a SaaS product, go to the [Orders > My Orders](#) page in the Billing Center and check whether the product has been successfully purchased. If the product fails to be purchased, the order is automatically canceled. Contact the seller using the contact information provided on the product details page.
- If a SaaS product involves service supervision, the order of the product will be displayed on the [Purchased Apps](#) page only after the service supervision process is complete.

3.4 Purchasing and Using an Image

KooGallery images can be deployed in quick or customized provisioning mode. The purchase and usage modes vary depending on the deployment mode.

Log in to [KooGallery homepage](#) using your Huawei Cloud account and search for the image product you want. Click the product to go to the details page, view the product information, select the desired specification, and click **Continue to Submit**. On the displayed page, purchase the product based on either of the following provisioning modes.

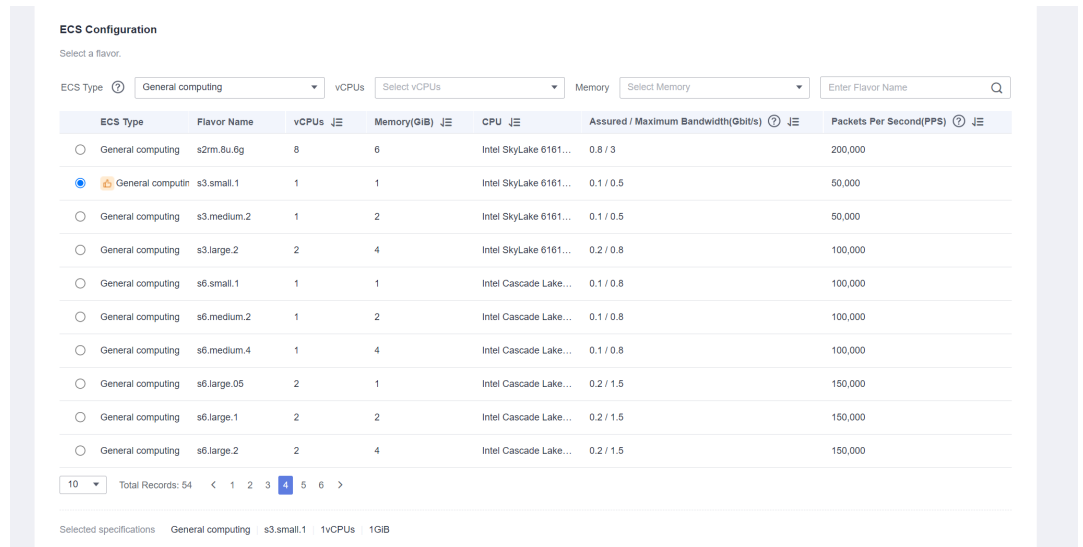

Quick Provisioning

Step 1 Click **Buy**.

Step 2 On the displayed page, perform the following operations:

1. Confirm the selected ECS instance.

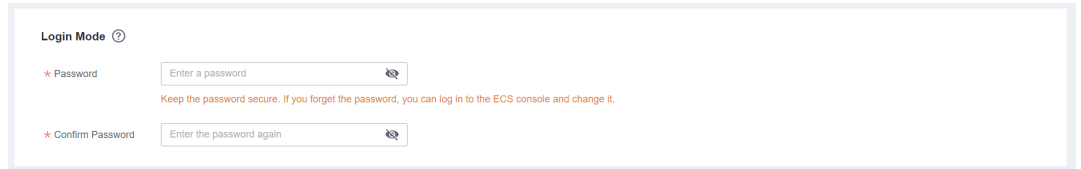

2. Select a network and security group.

 **NOTE**

You can select a security group recommended by the seller from the drop-down list or click **Create Security Group** to create one.

3. Set a login credential, that is, the ECS login password.

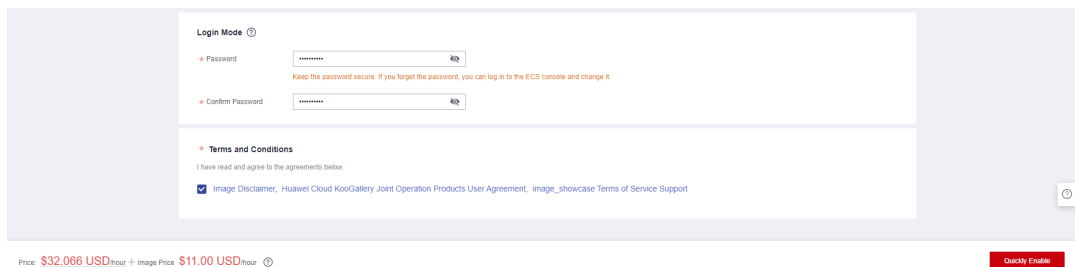

4. Read and agree to the agreements.

 **NOTE**

- You can view the fees of the cloud resources and image at the bottom of the page.
- If you select yearly or monthly billing, fees will be automatically deducted when the resources are created.

- Step 3** Click **Quickly Enable** to deploy the image. The ECS console is displayed. You can view the created ECS.

----End

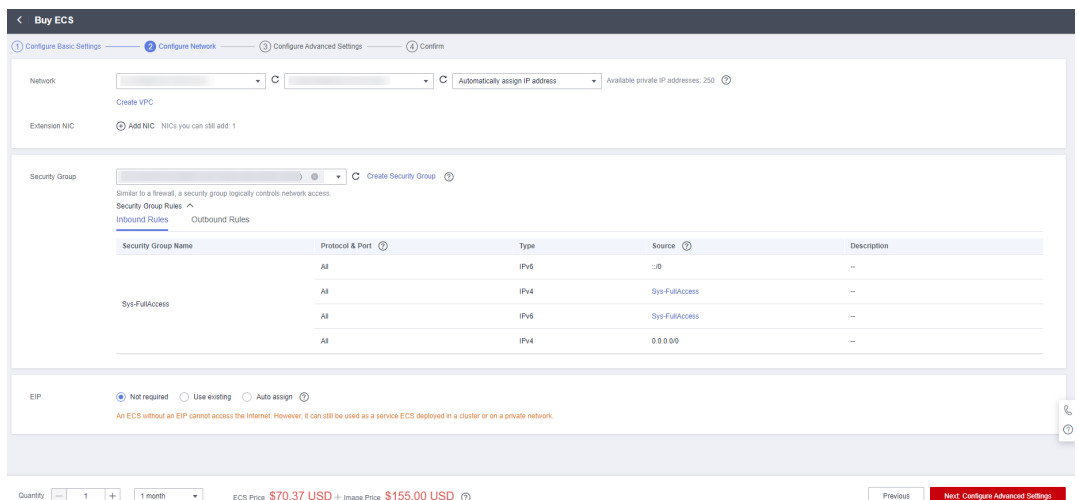

Customized Provisioning

- Step 1** On the displayed page, click **Customize Config**.

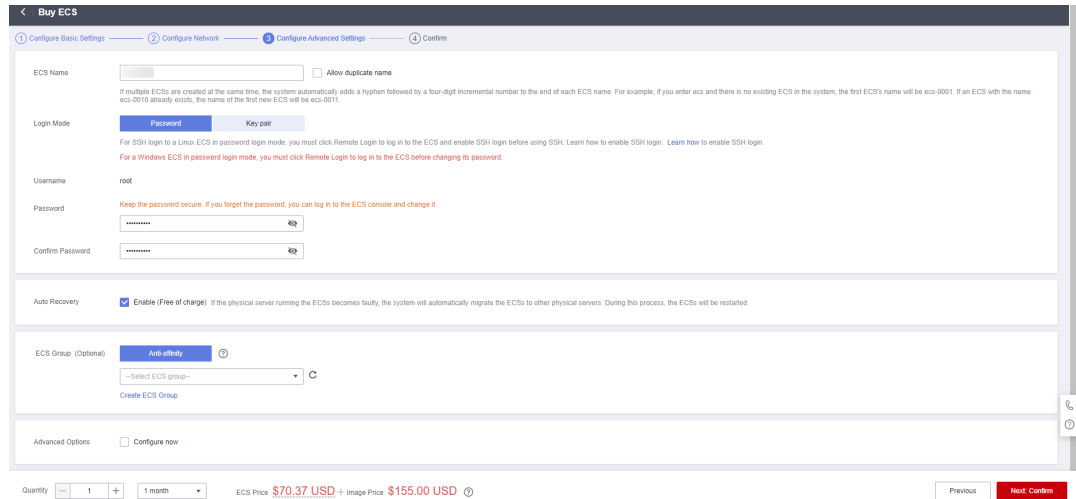

- Step 2** On the **Buy ECS** page, select a billing mode, confirm the selected specification and image, and click **Next**.

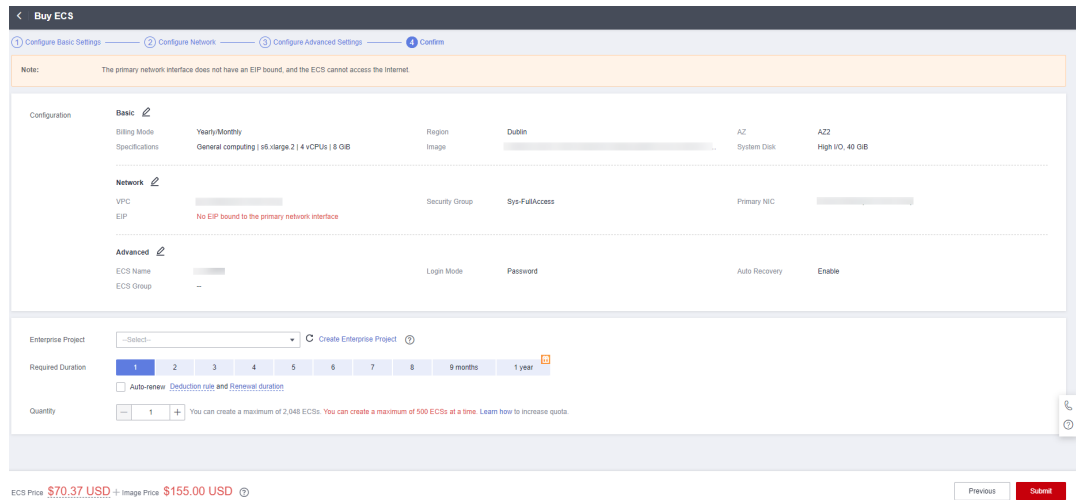

Step 3 On the **Configure Network** page, select a network, security group, and Elastic IP (EIP), and click **Next**.

Step 4 On the **Configure Advanced Settings** page, set the ECS name and password, and click **Next**.

Step 5 On the **Confirm** page, confirm the configuration, set the required duration and quantity, read and agree to the agreements, and click **Submit**.

Step 6 On the displayed page, select a payment method and click **Pay Now**.

----End

4 Service Supervision

- [4.1 Supervising License Products](#)
- [4.2 Supervising Professional Service Products](#)
- [4.3 Supervising SaaS Products](#)

4.1 Supervising License Products

After purchasing a license, view the delivery progress of the license and accept the license on the [My KooGallery > Service Supervision](#) page. If the seller has not updated the service supervision process, send a reminder to the seller.

If the service supervision process of an order is not complete, the order is in the **Processing** state. The order status will change to **Completed** 3 hours after you confirm to accept the product.

Overall Process

You can perform the following operations:

1. After purchasing a license, view the service flow status on the [My KooGallery > Service Supervision](#) page.
You do not need to submit additional requests for the license. By default, the service flow status changes to **Waiting for the seller to provide the service** upon your payment.
2. After the seller delivers the license offline and updates the service flow status, the order status changes to **Waiting for the user to confirm acceptance**. You can view the delivery status of the license on the [My KooGallery > Service Supervision](#) page.

- After receiving the license offline, accept the license on the **My KooGallery > Service Supervision** page. Reject the license if it has not been delivered to you or you are not satisfied with it.

Procedure

Step 1 Log in to Huawei Cloud KooGallery and go to the **My KooGallery > Service Supervision** page.

Step 2 Set search criteria, and click **Confirm Acceptance** in the **Operation** column of the row containing the target transaction record.

Order No.	Product Name	Specification Name	Delivery Method	Seller Name	Service Status	Created	Operation
			License		Customer accepts li...	2020-12-23 16:10:30	Confirm Acceptance

Step 3 If you have received the license and are satisfied with it, click **Accept service**.

① Seller Delivers License Offline — ② Customer Accepts License

ⓘ Has the service been completely provisioned? If you still have any question, please contact the seller before confirming acceptance. The service cannot be unsubscribed from after provision completion.

4.2 Supervising Professional Service Products

After purchasing a professional service product, you can submit a request for the product and view the service flow progress of the transaction on the [My KooGallery > Service Supervision](#) page. If the seller has not updated the service supervision process, send a reminder to the seller.

If the service supervision process of an order is not complete, the order is in the **Processing** state. The order status will change to **Completed** 3 hours after you confirm to accept the product.

Overall Process

You can perform the following operations during service supervision:

1. After purchasing a professional service product, submit a request on the [My KooGallery > Service Supervision](#) page.
2. After the seller delivers the professional service product to you, accept the product on the [My KooGallery > Service Supervision](#) page.
3. Reject the product if you are not satisfied with it.

NOTE

If the seller has not updated the service flow status for more than five days, the seller has rejected your request three times, or you have rejected the product provided by the seller three times and are still not satisfied with it, you can initiate an appeal. For details, see [Appeal](#).

Submitting a Request

Step 1 Log in to Huawei Cloud KooGallery and go to the [My KooGallery > Service Supervision](#) page.

Step 2 Set search criteria, and click **Submit Request** in the **Operation** column of the row containing the target transaction record.

Appeal

- If a seller has not updated the service flow status for more than five days, you can initiate an appeal.
- If a seller has rejected your request three times, or you have rejected a product delivered by a seller three times and are still not satisfied with it, you can initiate an appeal.
- During service supervision, if an appeal is initiated by you or a seller, the service flow will be frozen and the operations manager will handle the appeal. You and the seller cannot perform any operations until the appeal is handled.

- You cannot initiate appeals within 15 days before the service flow is completed.

4.3 Supervising SaaS Products

After purchasing a SaaS product, you can submit a request for the product and view the service flow progress of the transaction on the [Service Supervision](#) page. If the seller has not updated the service supervision process, send a reminder to the seller.

If the service supervision process of an order is not complete, the order is in the **Processing** state. The order status will change to **Completed** 3 hours after you accept the product.

Overall Process

You can perform the following operations during service supervision:

- After purchasing a product, submit a request on the [Service Supervision](#) page.
- After the seller delivers the professional service product to you, accept the product on the [Service Supervision](#) page.
- Reject the product if you are not satisfied with it.

NOTE

If the seller has not updated the service flow status for more than five days, the seller has rejected your request three times, or you have rejected the product provided by the seller three times and are still not satisfied with it, you can initiate an appeal. For details, see [Appeal](#).

Submitting a Request

- You cannot initiate appeals within 15 days before the service flow is completed.

5 After-Sales Support

The after-sales support for KooGallery products and services is provided by sellers. If you need after-sales support, find the seller contact information in the **Support Range** area on the product details page, and contact the seller.

6 Renewal Management

[6.1 Manually Renewing a Product](#)

[6.2 Auto-Renewal](#)

6.1 Manually Renewing a Product

6.1.1 Rules

You can renew your yearly/monthly subscribed resources. If a resource has entered the grace period or retention period, the renewed period starts from the original expiration time (excluding the grace period or retention period).

For details, see [Manual Renewal Rules](#).

6.1.2 Manually Renewing a Product

You can manually renew a yearly/monthly product when it is about to expire on the **Renewals** page in the Billing Center. For details, see [Manually Renewing a Resource](#).

 NOTE

For details about how to set a renewal date, see [Setting a Renewal Date](#).

6.2 Auto-Renewal

6.2.1 Rules

To prevent resource data from being deleted when a KooGallery product expires, you can enable auto-renewal for yearly/monthly subscriptions. With auto-renewal, the system automatically renews your product before the product expires.

For details, see [Auto-Renewal Rules](#).

Application Scope

Auto-renewal applies to yearly/monthly subscriptions to the following KooGallery products:

- Licenses
- Professional services

NOTE

If you renew a professional service product or a license, there will be no service flow generated.

6.2.2 Automatically Renewing a Product

Auto-renewal is supported for certain yearly/monthly products. To enable it, perform the following steps:

Log in to the **Billing Center**, go to the **Renewals** page, and enable auto-renewal for the purchased products. For details about how to enable the auto-renewal function, see [Automatically Renewing a Resource](#).

NOTE

- For how to modify auto-renewal configurations, see [Modifying Auto-Renewal](#).
- For how to disable auto-renewal, see [Disabling Auto-Renewal](#).

7 Unsubscription Management

7.1 Unsubscription Rules

7.1 Unsubscription Rules

NOTICE

If a KooGallery invoice has been issued, you can unsubscribe from the product only after the invoice is returned.

Unsubscription Rules

Table 7-1 Unsubscription rules

Product Type	Warranty Period	Rule Description	Unsubscription Limit
Images	N/A	<ul style="list-style-type: none">Unsubscription rules for images on KooGallery are the same as those for products and services on Huawei Cloud. For details, see Unsubscription Rules. <p>NOTE You can unsubscribe from a KooGallery image on the Billing Center > Unsubscriptions page.</p> <ul style="list-style-type: none">Pay-per-use resources cannot be unsubscribed.	Unlimited
SaaS products	N/A	SaaS products cannot be unsubscribed.	N/A

Product Type	Warranty Period	Rule Description	Unsubscription Limit
Licenses	N/A	Licenses cannot be unsubscribed.	N/A
Professional services	N/A	Professional services cannot be unsubscribed.	N/A

8 Invoice Management

You can issue invoices in Billing Center after you purchase products.

Procedure

Step 1 Log in to Huawei Cloud and go to the [Billing Center](#).

Step 2 Choose [Invoices](#) in the navigation pane.

Step 3 Submit an invoice application and view the application status. For details, see [Issuing an Invoice](#).

NOTE

- For details about how to reissue an invoice, see [Returning an Invoice](#).
- To return an invoice, [submit a service ticket](#).

----End

9 Agencies

KooGallery sends an authorization request to you when you use a service listed in [Table 9-1](#). Once you agree, you authorize KooGallery to provide you with the service as a delegatee. If the policy of an agency is updated, KooGallery will request authorization again when you use the related service. For details about the agency policies, see [Agency Policy Permission Details](#).

⚠ CAUTION

Do not modify KooGallery agencies and their policies, or reuse their policies on other agencies. Otherwise, the services will be affected.

Table 9-1 Services

Delegator	Scenario	Service	Agency	Delegatee	Agency Policy
	Product use	Quick image provisioning	mkp_agency_trust	KooGallery system account	mkp_deployment_policy
			mkp_rfs_agency_trust	Resource Formation Service (RFS)	mkp_rfs_deployment_policy...
		Image deployment via templates	mkp_agency_trust	KooGallery system account	mkp_deployment_policy

 NOTE

KooGallery no longer uses the `mkp_ims_trust`, `mkp_admin_trust`, `mkp_rf_admin_trust`, and `mkp_obs_trust` agencies. If you have created these agencies, delete them by referring to [Canceling Agency Authorization](#).

Canceling Agency Authorization

You can cancel authorization by deleting an agency. To do so, point to your account name in the upper right corner of Huawei Cloud console, select **Identity and Access Management** from the drop-down list, and choose **Agencies** in the navigation pane. Deleting an agency will instantly invalidate the corresponding service.

10.1 What Is Huawei Cloud KooGallery?

Huawei Cloud KooGallery is an online store. Huawei Cloud cooperates with independent service vendors (ISVs) to provide users with abundant application products, including applications, operating environment, bandwidth, and ECS resources. You can quickly purchase suitable application products on KooGallery (including the complete environment for running the application software), and use the purchased application software and services to release your own products.

Huawei Cloud KooGallery consolidates upstream application services in the cloud service ecosystem to provide you with high-quality and convenient application solutions, thereby promoting healthy development of the ecosystem.

You can obtain a set of ECS resources and preconfigured application software on KooGallery in a few clicks to meet your requirements. The system automatically starts the preconfigured software. You only need to focus on your own business to

save time, energy, and costs on resource procurement and software deployment. The only thing you need to do for software usage is to pay for the orders. You can choose hourly, monthly, or yearly billing mode to reduce your costs.

10.2 What Software and Services Are Provided on KooGallery?

KooGallery provides licenses and professional services that are released collaboratively by Huawei Cloud and sellers. These products include but are not limited to:

- Business software (business intelligence, financial services, enterprise application, customer relationship management (CRM), e-commerce, and project management)
- Developer tools (internet middleware, application development, issue and bug tracking, log analysis, source control, and testing)
- Professional services (data transfer, consulting and training, environment configuration, and maintenance)

10.3 How Do I Purchase Cloud Applications on KooGallery?

For details on how to purchase cloud applications on KooGallery, see [2.1 Purchasing a Product](#).

10.4 Why Can't I Use the Pay-per-Use or Yearly/Monthly Billing Mode for Certain Products?

Sellers decide how their products are billed. Huawei Cloud KooGallery advises sellers to provide a wide range of billing options. However, some products can use only a certain billing mode due to their specific attributes.

10.5 How Do I View Purchased Applications?

1. Log in to the [Huawei Cloud KooGallery](#).
2. Point to the username in the upper right corner of the page and click [My KooGallery](#) from the drop-down list.
The **Purchased Apps** page is displayed.
3. View the purchased apps.

10.6 How Do I Request Invoices After Purchasing Products from KooGallery?

Log in to **Billing Center**. In the navigation pane, choose **Contracts and Invoices > Invoices** to submit your invoice requests. For details, see [Issuing an Invoice](#).

10.7 What Do I Do If I Encounter a Problem When Using a Product?

Contact the seller for after-sales technical support.

If the seller cannot solve the problem or is not available, [submit a service ticket](#) on the Huawei Cloud official website.

10.8 How Do I Renew Purchased Applications?

Step 1 Log in to the **Billing Center**.

Step 2 Click **Renewals** in the navigation pane, and then renew purchased cloud applications on the displayed page.

For details about the renewal process, see [Manually Renewing a Resource](#).

----End

10.9 What Do I Do If No Applications or Services Meet My Requirements?

We apologize for not being able to provide the applications or services you need. Send an email to partner@huaweicloud.com to describe your application requirements. We will come up with the corresponding products as soon as possible.

Email subject: **[KooGallery][Requirements][Contact]**

Body: application requirements, company name, contact person, phone number, and email address.

10.10 How Do I Contact a Seller?

Click the seller name on the product details page and find the customer service email address on the displayed seller information page. You can contact the seller by email.

10.11 What Do I Do If I Cannot Contact a Seller?

[Submit a service ticket](#) on the Huawei Cloud official website.

10.12 Does Huawei Cloud Support Login Through Third-Party Website?

Huawei Cloud does not support login through third-party website.
