## Content

Huawei Cloud plans to terminate Content Moderation (V2) at 00:00 (GMT+08:00) on May 30, 2024. For details about services that are to be terminated, see the FAQs in this notice.

## Impact

After Content Moderation (V2) is terminated, technical support for it will become unavailable. This includes, but is not limited to, throttling adjustment, service scale-out, and problem analysis.

If you are using Content Moderation (V2), replace it with Content Moderation (V3) as soon as possible. Otherwise, you will not be able to obtain technical support if you encounter a problem.

Should you have any questions, please submit a [service ticket](#) or call us on +86-4000-955-988 or +86-950-808.

## FAQs

1. What services and APIs does Content Moderation (V2) provide? In which regions is Content Moderation (V2) available?

2. What impact will the termination of Content Moderation (V2) have?

After Content Moderation (V2) is terminated:

- If you are not already subscribed to Content Moderation (V2), you will not be able to subscribe to it.
- If you are subscribed to Content Moderation (V2), you can continue using it. However, it will no longer be evolved or updated, so you will not be able to obtain technical support if an error occurs. To avoid any loss, you are advised to replace Content Moderation (V2) with Content Moderation (V3) as soon as possible.

3. Is the price of Content Moderation (V3) the same as Content Moderation (V2)?

Content Moderation (V3) provides five services, including Text Moderation, Image Moderation, Audio Moderation, Video Moderation, and Audio Stream Moderation. Among them, the prices of Text Moderation and Image Moderation are the same as those in Content Moderation (V2). The other services are only available in Content Moderation (V3).

4. How do I connect to Content Moderation (V3)?

See the [API Reference](#) of Content Moderation (V3).
