1 Registering with HUAWEI CLOUD

Step 1 Log in to HUAWEI CLOUD at <https://www.huaweicloud.com/intl/en-us/>.

Step 2 Click **Register** in the upper right corner of the home page.

Figure 1-1 Registration

Step 3 Enter correct information as prompted and click **Register**.

Figure 1-2 Huawei Account Registration

HUAWEI CLOUD Account Registration

The screenshot shows the Huawei Cloud Account Registration page. At the top, there is a dropdown menu for 'Country/Region' with 'Singapore' selected. Below this, a red warning message states: 'Country/Region cannot be modified after registration.' The form includes four input fields: 'Email address', 'Password', and 'Confirm password'. Below the input fields, there is a checkbox labeled 'I have read and agree to the HUAWEI CLOUD Customer Agreement and Privacy Statement.' followed by a 'Register' button. At the bottom, there is another checkbox labeled 'I would like to receive marketing and promotional information.' and a 'Learn more' link with a downward arrow.

2 Creating a Trial Order

The trial order function provides the free trial function of the Edge Data Center Management network. Tenants can experience the Edge Data Center Management service immediately.

- Step 1** On the HUAWEI CLOUD homepage, choose **Products > Business Applications > Edge Data Center Management**.
- Step 2** On the **Edge Data Center Management** page, click **Trial Use**.
- Step 3** If the tenant account has not been created in the Edge Data Center Management, the **Open Tenant** page is displayed.

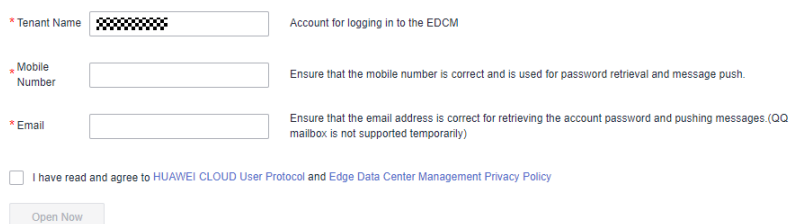

NOTE

The function of creating a tenant account is embedded in the process of **Create Trial Order**. The **Create Tenant** page is displayed only when the tenant uses the Edge Data Center Management service for the first time.

- Step 4** Fill the tenant information according to [Table 2-1](#), select **I have read and agree to HUAWEI CLOUD User Protocol and Edge Data Center Management Privacy Policy**, and click **Open Now**.

Figure 2-1 Open Tenant

Open Tenant

* Tenant Name Account for logging in to the EDCM

* Mobile Number Ensure that the mobile number is correct and is used for password retrieval and message push.

* Email Ensure that the email address is correct for retrieving the account password and pushing messages.(QQ mailbox is not supported temporarily)

Open Now

Table 2-1 Tenant information

Item	Description
Tenant Name	By default, it is the same as the HUAWEI CLOUD account. It is used to identify your organization and is also the initial account (tenant administrator) for logging in to the EDCM.
Mobile Number	Available mobile number, which is used for receiving messages.
Email	<p>NOTICE</p> <p>The email address cannot be changed after being submitted. Therefore, you must enter a correct and valid email address.</p> <p>Available email address. HUAWEI CLOUD will send an email to this email address.</p>

Step 5 After the tenant is created, the **Edge Data Center Management** page is displayed.

- The mobile number receives the login address, initial password, and management address.
- The email box receives a subscription confirmation message from the SMN service. Click **Confirm Subscription** in the email to subscribe to the related email information.
