Notice

The purchased products, services and features are stipulated by the contract made between Huawei and the customer. All or part of the products, services and features described in this document may not be within the purchase scope or the usage scope. Unless otherwise specified in the contract, all statements, information, and recommendations in this document are provided "AS IS" without warranties, guarantees or representations of any kind, either express or implied.

The information in this document is subject to change without notice. Every effort has been made in the preparation of this document to ensure accuracy of the contents, but all statements, information, and recommendations in this document do not constitute a warranty of any kind, express or implied.

Security Declaration

Vulnerability

Huawei's regulations on product vulnerability management are subject to the *Vul. Response Process*. For details about this process, visit the following web page:

<https://www.huawei.com/en/psirt/vul-response-process>

For vulnerability information, enterprise customers can visit the following web page:

<https://securitybulletin.huawei.com/enterprise/en/security-advisory>

Contents

1 SDK Overview..... 1

1 SDK Overview

This document lists the Software Development Kit (SDK) versions provided by Content Delivery Network (CDN) and the addresses for obtaining the latest SDK versions.

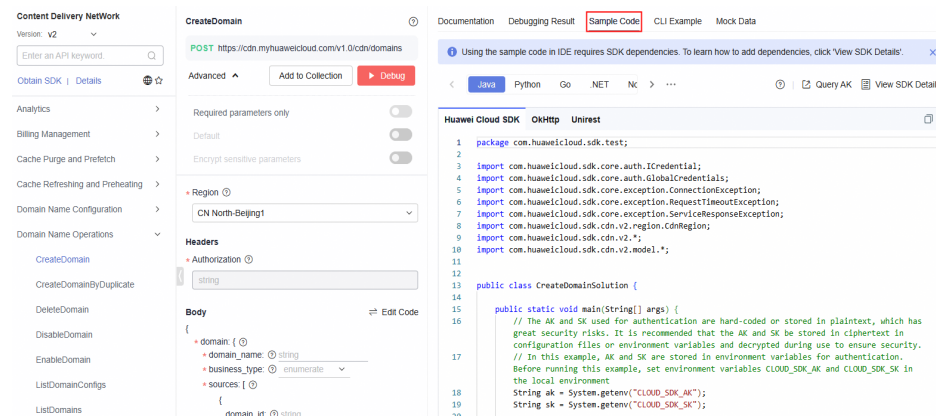

For details about the privacy data processing policies of the SDK, see [Huawei Cloud SDK Privacy Statement](#).

Generating SDK Code Online

[API Explorer](#) can dynamically generate SDK code that meets your requirements.

You can check the SDK code of the corresponding programming language on the [Sample Code](#) tab in [API Explorer](#), as shown in [Figure 1-1](#).

Figure 1-1 Obtaining the SDK sample code

SDKs

[Table 1-1](#) lists the SDKs supported by CDN. You can view SDK updates, obtain installation packages, and view user guides in [GitHub](#).

NOTE

If [GitHub](#) cannot be accessed, check whether you can access the public network.

Table 1-1 SDKs

Programming Language	GitHub Address	Reference
Java	huaweicloud-sdk-java-v3	Java SDK User Guide
Python	huaweicloud-sdk-python-v3	Python SDK User Guide
Go	huaweicloud-sdk-go-v3	Go SDK User Guide
.NET	huaweicloud-sdk-net-v3	.Net SDK User Guide
PHP	huaweicloud-sdk-php-v3	PHP SDK User Guide
Node.js	huaweicloud-sdk-nodejs-v3	Node.js SDK User Guide
C++	huaweicloud-sdk-cpp-v3	C++ SDK User Guide
